

COLORADO COLLEGE LIAISON

The role of the ONEN Colorado College liaison is to communicate with the College about historic preservation, safety, and other matters that are of mutual concern. The liaison also promotes community between the organizations by periodically scheduling events to promote dialogue. The liaison provides an initial point of contact between ONEN and Colorado College.

The current Colorado College Liaison is ONEN Board member Cathy Wilson O'Donnell. For questions regarding this important relationship-building role with our neighbor Colorado College, contact Cathy at (719) 635-9740.
