

## Additional Historic Preservation Resources in Other Places

1. The Municipal Art Society of New York [Green Rowhouse Manual](#) provides guidance for rowhouses that are applicable to many historic preservation projects. Among other topics on **energy efficiency**, 14 topics cover, walls & roofs, windows & doors, heating & cooling, lighting & electrical, plumbing & water.
2. Kansas Historical Society – [Window Repair Videos](#) This link provides excellent guidance on preserving, rehabilitating and restoring wooden windows rather than replacing them with new vinyl, metal or clad windows.
3. [Window Sashes](#) Learn how to fit a wood storm sash on an old double hung window.
4. [Finding Contractors for Your Historic Home](#) The National Trust for Historic Preservation provides guidance on “How to Find Contractors & Architects for Historic Home Renovation.”
5. [Seven ways to NOT “remuddle” a historic home](#) – By Marni Jameson Special to The Denver Post
6. Baker Neighborhood Energy Efficiency Workshop in Denver: **Do you want** to lower energy bills and feel more comfortable in your older home during the winter? Learn what you can do to improve your home’s performance: [Simple Do’s and Do Not’s Flyer](#), Brittany Bryant, Denver Historic Planner

**FOOD FOR THOUGHT:** Key Presentations by Donovan D. Rypkema, principal of PlaceEconomics, a Washington D.C.- based real estate and economic development-consulting firm. This firm works with both public and non-profit entities.
